Eagle Collegiate Academy is a great school for my son because of its excellent instructional program and care for students and families. My son is in prek and I have submitted his open enrollment for 2022-23 Kindergarten at Eagle Collegiate Academy. Though we are a few years away, I'm looking forward to my daughter's being able to follow his footsteps at ECA.

My name is Diana Sims. I am a African American resident who resides here in Santa Clarita. I have three African American sons who are all presently in school.

My youngest son Anthony started grade school this year and has had the amazing opportunity to attend a new charter school in Aqua Dulce called Eagle Collegiate Academy via online.

My son was able to see children who look like him with wide diversity of children/staff.

He has had the advantage of smaller class sizes with more hands on learning, which included: Learning Korean, math, writing, reading, public speaking skills, and gaining confidence in himself that my other two older children didn't have in this same valley who have experienced racism with no repercussions.

I hope you allow them to open in person soon so the kids can be in person and have in person interaction which is crucial for their mental and social development as young children. This will also help parents who have sacrificed reduction with income to stay at home and school children online as a result of the delay.
