Where Do LEAs Report?

LEAs will be required to submit all required reporting data in the **Grant Management and Reporting Tool (GMART)**.

GMART is a web-based system that allows LEAs to complete and submit an application for funding, view, revise, and submit fiscal and other required information.

- How the costs associated with each major object code and project activity relate to the development and implementation of the CSI Plan, and
- How the costs directly support implementation of the evidence-based interventions, strategies, activities, and reason/s/ for identification.

Report 1: Budgeting Tips

- The Budget Summary must follow and align with the evidence-based interventions as outlined in the LEA's CSI Plan.
- If budgeting for a similar item/service that was previously purchased, use those actual expenditures to inform current Budget Summary projections.
- Be intentional and focused on leveraging CSI funding to directly support and improve student outcomes.

Budget Summary FAQ #1

When is a Budget Summary revision required?

A revision is required when a change to a budgeted amount in a given object code exceeds a 10 percent threshold.

Budget Summary Revision FAQ #1 Example 1

Approved Budget

Object Code 5000–5999

Cost: \$30,000

LEA underestimated costs

Revised amount:
\$35,000

In this example, the LEA is **required** to submit a budget revision as the revised amount exceeds 10 percent of the previously approved budget amount.

Budget Summary Revision FAQ #1 Example 2

Approved Budget

Object Code 4000–4999

Cost: \$10,000

LEA underestimated costs

Revised amount:
\$10,500

In this example, the LEA is **not required** to submit a budget revision as the revised amount does not exceed 10 percent of the previously approved budget amount.

Budget Summary FAQ #2

Is a revision required if an LEA makes a change to its Funding Plan?

Not necessarily. The Funding Plan captures how the LEA intends to distribute its allocation between the district and/or school, whereas the Budget Summary captures how the LEA intends to expend its allocation across object codes.

If the Funding Plan alters how the LEA plans to expend its allocation, then a Budget Summary revision may be needed.

Budget Summary FAQ #3

Must a revision be approved by the CDE before the LEA can submit a Grant Management Report?

An LEA must have an approved Budget Summary prior to making expenditures that exceed 10 percent of budgeted amounts. If expenditures exceed the 10 percent threshold, an error message will display and the LEA must resolve the error in order to move forward.

Therefore, it is important that budgeted amounts are aligned with the evidence-based interventions/strategies/activities as indicated in the LEA's approved CSI plan/s/.

Budget Summary FAQ #4

If the LEA requests to revise its Budget Summary, must it also revise its Budget Summary Narrative?

Depending on changes to the Budget Summary, an LEA may also need to revise its Budget Summary Narrative.

For example, moving a significant amount of funding from one object code series to another object code series, would require the Budget Summary Narrative to be revised should the purpose and intent of those expenditures also change.

Capital Outlay (1)

LEAs **may claim** Capital Outlay expenditures for the following object codes:

- *6400-Equipment (computer systems only)*
- *6500-Equipment Replacement (computer systems only)*

Capital Outlay expenditures have a **very narrow focus**. No other Equipment/Equipment Replacement expenditures may be claimed within the 6000 object code series, as they do not align with the purpose and intent of the ESSA CSI LEA subgrant.

Capital Outlay (2)

Reporting Capital Outlay Expenditures in GMART

If reported expenditures in object code 6400–6500 total \$5,000 or more, the GMART will require a response to the following prompt:

- Does this expenditure include an item with a unit cost of more than \$5,000?

Capital Outlay (3)

Reporting Capital Outlay Expenditures in GMART

If **Yes**, the LEA must provide the date the *Title I CSI Capital Outlay Expenditures Request Form* was approved by the CDE.

If **No**, the LEA will not be prompted to provide additional information in the GMART and may continue with submitting its report.

Capital Outlay (4)

Obtaining Approval for Capital Outlay Expenditures

Federal requirements located in the Office of Management and Budget (OMB) guidance pursuant to Title 2, Code of Federal Regulations (CFR), Part 200.439(b)(2), require a subgrantee to obtain prior written approval from the Federal awarding agency or from its awarding agency **prior to incurring the cost** of a Capital Outlay expenditure.

Only items with a **unit cost of \$5,000 or more** will require prior written approval from the CDE.

Capital Outlay (5)

Title I CSI Capital Outlay Expenditures Request Form

The form is located on the CDE ESSA CSI LEA Authorized Use of Funds web page at

<https://www.cde.ca.gov/sp/sw/t1/csileaauthusefunds.asp>

and is specific to the CSI program.

NOTE: The **Title I CSI form is separate** from the forms that are used for the Title I, Part A and Part D programs. For more information about Title I, Part A and Part D Capital Expenditures, please visit

<https://www.cde.ca.gov/sp/sw/t1/capitalexpenditure.asp>.

Capital Outlay (6)

Completing the Title I CSI Capital Outlay Expenditures Request Form

The LEA will provide:

- Contact information and
- Responses to six prompts

The prompts will require the LEA to provide information as to how the proposed Capital Outlay expenditure will support the implementation of the CSI plan and CSI program as a whole.

Capital Outlay (7)

Review of the Title I CSI Capital Outlay Expenditures Request Form

- If the request is **approved**, the CDE will email the LEA and attach the approved form for confirmation.
- If the request is **not approved**, the CDE will email the LEA and return the form with relevant remarks/comments. Depending on the reason/s/ provided, the LEA may be able to resubmit for reconsideration.

If You Want to Revise the...

- Budget Summary and Narrative
 - Select the *Budget Summary* tab in GMART
- Funding Plan
 - It may be revised during any reporting period
- Expenditure Report
 - Ensure current report is clear of data
 - Use the *Remarks* textbox to document changes

Reporting Tips (1)

1. If there are **no expenditures**, enter **\$0** in each **object code** and then submit the report.
2. When entering expenditure data, be aware that **only numbers** are allowed.
 - a) No decimals
 - b) No commas
 - c) No dollar signs

Reporting Tips (2)

3. If a **CSI-eligible school closes** anytime throughout the subgrant, the LEA must communicate this information through the ***Submit a Request*** tab in the GMART.

CDE ESSA CSI LEA Subgrant Closeout Instructions are located at

<https://www.cde.ca.gov/sp/sw/t1/csileacloseout21.asp>.

Closeout Pointers (1)

- If the LEA has a **\$0 (zero)** cash balance, the GMART will prompt the LEA to closeout its subgrant.
- If the LEA has a **\$25 cash balance or less**, the GMART will ask the LEA if it would like to:
 - Continue expending its CSI LEA subgrant, or
 - Proceed to closing out its CSI LEA subgrant
- However, if the LEA has **more than a \$25 cash balance**, closeout can also be requested at any time.

Closeout Pointers (2)

Encumbrance vs. Legal Obligations

- LEAs may claim certain qualifying legal obligations incurred by the end of the subgrant period, even though the goods or services will not be received until after the subgrant period ends.
- Refer to Procedure 765 in the California School Accounting Manual for guidance on determining if an expenditure meets the threshold for a legal obligation.
- Funds **must be liquidated within 120 days** of the subgrant end date pursuant to Title 2, *CFR*, Part 200.344.

Closeout Pointers (3)

Fifteen percent of LEAs did not submit the final report for FY 2020–21 subgrant until after the deadline.

Implications

- Delays the apportionment process
 - CDE must meet internal deadlines to disperse final apportionment
 - Unused CSI funds revert to Title I, subpart 2 of Part A per ESSA, Section 1003(a)(g)(1)
- Persistent outreach efforts from CDE to LEAs

Submitting a GMART Request

Select the **GMART Requests** tab from the menu bar, then choose the option that best fits the LEA's need:

- Open a previously approved Grant Management Report
- Communicate the closure of a CSI-eligible school
- Submit an inquiry/email or arrange a phone call with CDE staff

What's on Your Mind? (1)

PART II: Federal Reporting

Federal Reporting Requirements

The CDE is required to meet **two separate reporting requirements** for ESSA, Section 1003 funds for CSI:

1. Consolidated State Performance Report (CSPR)
2. ESSA, Section 1003(i) for the state report card

CSPR (1)

The CSPR is the required annual reporting tool for each State, the District of Columbia, and Puerto Rico as authorized under Section 9303 of the Elementary and Secondary Education Act (ESEA) as amended by the ESSA.

CSPR (2)

The CSPR is part of the federal EDFacts Initiative.

- EDFacts centralizes performance data supplied by state educational agencies (SEA) with other data assets, such as financial grant information, within the United States Department of Education (ED) to enable better analysis and use in policy development, planning, and management.

CSPR (3)

- Title I, Part A: Improving Basic Programs Operated by LEAs is included in the CSPR.
- The School Improvement and Support Office (SISO) is required to collect CSPR data related to ESSA, Section 1003 funds for CSI.
- The CDE is required to submit these data to the ED in February of each year.

CSPR (4)

The data collected using this file specification are used by the ED to monitor and report performance on programs and activities supported by the ESEA, as amended by the ESSA. The table below describes the required data.

Grant Description	Data Collection
School Improvement Funds – ESSA, Section 1003(a)	The dollar amount that the school received for school improvement under Section 1003(a) of the ESEA, as amended by the ESSA.

What is the reporting period?

- The reporting period is a school year (SY) – any twelve-month period.
- Since the 2022–23 CSI LEA Subgrant crosses three SYs (2022–23, 2023–24, 2024–25), *three Federal Reports are required.*

ESSA, Section 1003(a) State Reservation

Under ESSA, Section 1003(a), an SEA must reserve a portion of its Title I, Part A allocation to assist LEAs that serve schools implementing CSI plans under ESSA, Section 1111(d) and 34 CFR §§200.21 or 200.22.

ESSA, Section 1003(i) (1)

Related to the Title I, Part A reservation, the state report card must include:

- All the **LEAs and schools** that received ESSA, Section 1003 school improvement funds,
- The amount of funds **each school received**, and
- The types of strategies implemented **in each school with such funds** (ESSA, Section 1003[i]).

ESSA, Section 1003(i) (2)

The ED provides examples of strategies that may be included:

- Increasing access to effective teachers or adopting incentives to recruit and retain effective teachers
- Increasing or redesigning instructional time
- Implementing interventions based on data from early warning indicators systems
- Reorganizing the school to implement a new instructional model

ESSA, Section 1003(i) (3)

Continued from the previous slide:

- Implementing strategies designed to increase diversity by attracting and retaining students from varying socioeconomic backgrounds
- Replacing school leadership with leaders who are trained for or have a record of success in low-performing schools
- In the case of an elementary school, increasing access to high-quality preschool

FY 2022–23 Federal Reporting (1)

To streamline data collection, the SISO has combined the two federal reporting requirements with corresponding grant expenditure reporting periods.

The SISO will use the GMART to collect CSPR and ESSA, Section 1003(i) data.

FY 2022–23 Federal Reporting (3)

For each assigned grant period, the LEA will be required to provide the following information:

1. Amount of funds received by **each CSI school** (*not the LEA*)
2. Types of Strategies implemented with ESSA, Section 1003 funds

Defining “Funds Received” (1)

What does “**funds received**” mean?

The intention is not to consider “funds received” in fiscal terms or with a literal interpretation, but as the amount of CSI funds that were **made available** to the CSI-eligible school in the given time frame, with or without the actual cash revenue behind it.

Another way to frame it is, the amount of CSI funds **awarded** to or **allocated** to serve the school (not actual expenditures) within the given time frame.

Defining “Funds Received” (2)

For example, some LEAs “front load” or “credit” the full CSI allocation to their CSI-eligible school based on the Funding Plan and then set up an “accounts receivable” in anticipation of receiving the CDE payments.

In this example, the LEA would report the full amount of CSI funds “received” by the school in Federal Report 1, and \$0 in subsequent Federal Reports, because the school was already “awarded” and given access to their full allocation of CSI funds.

Defining “Funds Received” (3)

LEA and School Name	FY 2021–22 Funding Plan	Federal Report 1 (Closed)	Federal Report 2 (Closed)	Federal Report 3 (Active)	Types of Strategies	Total Across All Federal Reports (Read-Only)
<i>Sample Unified</i>	\$426,492	NA	NA	NA	NA	NA
<i>School A</i>	\$177,547	\$177,547	\$0	\$0	NA	\$177,547
<i>Total Distributed</i>	\$177,547	\$177,547	\$0	\$0	NA	\$177,547

Defining “Funds Received” (4)

Considering “funds received” as actual cash revenue, (i.e., waiting to receive payment from the CDE) complicates Federal Reporting because it may require up to four months for a payment to be processed by the CDE and received by an LEA.

This may cause an LEA to report inaccurately, due to actual cash revenue being received outside of the given time frame, especially during the final Federal Reporting window.

Defining “Funds Received” (5)

For example, an LEA states:

“The remaining CSI funds will be submitted in the next Federal Report since the funds were received in December 2022 and January 2023 which is outside of the July 1, 2022, through September 30, 2022, time frame.”

As the **final** Federal Report for the subgrant, there are no more Federal Reports, and the “next” Federal Report belongs to a different FY for a different subgrant.

Defining “Funds Received” (6)

The GMART contains “programmatic logic”/features to assist users in submitting Federal Reports accurately.

A **red error message will display** if an LEA reports a dollar amount greater than the dollar amounts provided in the LEA’s Funding Plan.

Reporting funds received from one FY into the Federal Report of another FY will result in an LEA over-reporting their CSI subgrant for a particular FY.

Defining “Funds Received” (7)

LEA and School Name	FY 2021–22	Federal Report (Active)	Types of Strategies	Federal Report 2 (Closed)	Total Across All Federal Reports (Read-Only)
<i>Sample Unified</i>	\$426,492	NA	NA	NA	NA
<i>School A</i>	\$100,859	\$120,000	Increasing access to effective teachers	\$0	\$120,000

ERROR: The amount reported exceeds the allocated amount by \$19,141. Please revise the amount in the Federal Report or the amount allocated in the Funding Plan.

Defining “Funds Received” (8)

Summary

- Federal Reports are completed for **each school year for each CSI subgrant**.
- Federal Reports are **required**, even if an LEA closes out its CSI subgrant early.
- Consider **funds received** as the amount **made available to, awarded to, or allocated** to serve the school within a specified time frame.
